**Calculating Farm or Self-Employment Income**

Persons who are engaged in farming or who operate other types of private businesses may experience variations in cash flow or monthly income throughout the year. These persons may use their income tax records from the preceding calendar year as a basis for applying for the free and reduced price meals. The income to be reported is income derived from the business venture less operating costs incurred while making that income. Deductions for personal expenses such as medical expenses and other non-business deductions are not allowed in reducing gross business income.

Additional income from other kinds of employment must be treated as separate and apart from the income generated from your business venture. USDA **DOES NOT** recognize income the same way as IRS. USDA does not permit a loss from a business venture to offset earnings from wages or salary. Though your business may have suffered a net operational loss, for purposes of this application, it is not possible to have a negative income. **The least self employed income possible is zero (no income).** For example, if you operated a business at a net loss but held another job where you received wages, your income for purposes of applying for free or reduced price meals would be the income from your wages only. The loss from the business cannot be deducted from the amount of the income earned in the other job.

A prior year loss from farming or other private business operation cannot be used to reduce the current year net income for determining free and reduced price eligibility. Wages paid to a spouse or other family member in the operation of a farm or private business must be shown as household income in Part 2 of the application.

**Income from private business operations is to be taken from your most recent U.S. Individual Income Tax Return - Form 1040. Use the lines from the 1040 that are identified.**

Line Number	Type of Income	Amount listed on Form 1040
12	Business income or (loss)	\$
13	Capital gain or (loss)	\$
14	Other gains or (losses)	\$
17	Rent royalties, etc.	\$
18	Farm income or (loss)	\$
Total		\$

(Transfer this total to the front of the application under Farm/Self Employment Income. If the total is negative, it must be transferred to the front of this application as \$0). A **NEGATIVE CANNOT BE USED TO OFFSET ANY OTHER INCOME.**

**NOTE: THIS IS FOR THE CALCULATION OF FARM AND BUSINESS INCOME ONLY. ALL OTHER INCOME RECEIVED BY THE FAMILY MUST BE LISTED ON THE FRONT OF THIS FORM.**
